The Premises:

Cosy little flat I've visited before close to Station. Nice and easy to find, safe and secure

The Lady:

Elise is the girl in the pictures for sure. She has a very natural look about her. Her hair was long and straight - blonde - I think she had extensions in too, but they are well done. A natural looking body, curvy, but still quite slim. 24 years old. Very nice smile. English is not good, but she tries very hard.

The Story:

Elise was wearing a very cute yellow babydoll nightie, see through, with matching panties and bra beneath. She was very welcoming. Full on FK etc. Showered and ready, I stood at the end of the bed and we began to feel each other and kiss again. She stripped off her nightie and bra. Really nice tits that look very natural, but I suspect there may be a little work, like a lift or something there. Perky for the large size. She gave me a nice OWO whilst I stood there, allowing me to check out her ass in those panties. Good OWO, but not too deep like I thought she would.

Switched to some lovely missionary sex. With my hands on her tits and basically all over her, she felt fantastic. Nice moaning and encouragement from Elise too, very hot. Spoon position whilst I played with her pussy and fucked at the same time. She came in this position, and I turned her over and took her from behind with my hands on those big boobs. This was where I finished, very satisfied.

A brief polite chat and a few a jokes before I left. All in all a good booking.
