The Premises:

Fourth floor flat close to Bishopsgate. Extremely clean and smelling of scented candles, good natural light and no radiators blasting away on what was a cold day outdoors.

The Lady:

I was asked to take a shower on arrival. That seems to be the etiquette these days. Ditto no French kissing was allowed. Covid = new rules.

Jade wore a light grey skirt which showed off her fantastic hips together with a tight fitting black blouse and grey heels

The Story:

Jade has long dark dyed black hair which I softly stroked and played with when I was taking her from behind.

The tops of her thighs are incredible. Thick and smooth.

Her arse is a delight. I loved rimming her and kissing her arse.

Her pussy is exquisite. I loved her sitting on my face and playing with my nipples as I ate her out.

Her mouth is delicious I loved being sucked off by Jade even if lips are fake

Her body is fabulously toned and I loved gently touching her arms and the tops of her shoulders.

She has had some work done to her face which is a pity cos I prefer the natural looks wrinkles & all.

Jade has a wicked side. She talked dirty to me as she fingered my bum and then she climbed on top of my dick and challenged me to fuck her. She guided my hands to grip on to her heels that were not removed during the entire session to allow me to propel myself as deep inside her as possible. I came with her on top.

Round two, she fluffed me up with a blow job. I told her it would be a crime not to fuck her doggy style and she obliged and I emptied my load into the condom for a second time.

Jade is a pleasure model who is role in this life is to service her clients. Like she says "if my clients are happy, then I am happy".
