### The Premises:

The apartment block is closer to Streatham than the other two stations in sw16. The flat itself was difficult to find because of a crazy numbering system. The toilet seat was broken and there was no loo roll. The room was stuffy due to the windows being closed and the mattress was soft and springy. I didn't ask for a shower afterwards cos I expected it to be broken.

### The Lady:

She is deffo the girl in the photos albeit photoshopped. Mia's face is very blotchy. I booked her because I liked the shape of her especially in the photo in the pink salmon head covering and was not disappointed. I was on the look out for a thicce browm skinned girl and Mia ticked that box.

### The Story:

Comms with Mia were not easy. She didn't reply when I texted to ask what services are included in the donation. It didn't surprise me that rimming, kissing and pussy licking were not on the menu. What I really wanted anyway was to fuck her doggy style.

We began with Mia asking me to get undressed and lie on the bed. Immediately she attempted to put the condom on my cock while it was still flaccid. I asked her to slow down and lick my nipples in order to get me hard. Eventually with the condom on she sucked my cock. Her blow job technique was a bit toothy and was more pain than pleasure for me. What I did enjoy was being straddled cow girl and she jerked her bottom in her face. That was a major turn on.

With such a limited range of foreplay opportunities I asked if I could take her from behind. After all I was there to fuck. It was here that Mia raised her game. She ground her arse muscles on my cock and used all her skills on me. After about ten minutes she asked to swap positions and she rode my cock for another 5 minutes till I came in the bag.

Recommended as a pump ^ dump ut I wouldn't revisit. The girls at Olina are much better service providers. This was like having a cheeky McDonalds
