The Story:

Amaya was wonderful. Super appreciate that she was able to see me so short notice. I was definitely a little flustered and in my own head that day, but she immediately put me at ease. The session itself was 10/10, Amaya was every bit as fierce as I'd hoped. I'm not too proud to admit I had some performance issues of the E-Disfunction variety. Might've been nerves or maybe my ADHD medication (lessoned learned for next time) but Amaya made sure it didn't get to me and we got past it. What was just as great as the session itself was the conversation. I really appreciated being able to talk to her about what I want, and the best way to describe it going forward.

To sum it up. She was beautiful, fierce, very good at what she does. And most of all she was very forgiving with a nervous newbie.

And I have to give a shout out to the agency, excellent service: Responded quickly, were very courteous during communication and really went above and beyond to make me feel valued as a customer.
