The Premises:

Isabella works out of a very nice apartment in what seemed to me to be an upmarket part of town, a short-ish walk from nearest tube. Fairly quiet area, and certainly no one taking any notice of me when I was there mid-afternoon.

Smallish flat, but certainly more than enough room to swing the proverbial cat. Decent-sized lounge area with a comfy sofa and low table to put our drinks on – I took wine. Isabella offered me expensive truffles – delicious (but not as delicious as her, lol!) - to enjoy over a delightful 'getting-to-know-you' chat. A nice touch are the very realistic fake candles. She has these in the summer so the rooms don't get too hot. Says she'll have real ones in the winter. 'Ambient' music playing, setting the scene for our massage session.

Decent sized shower with soft towels and Isabella has labelled the bath toiletries with little labels saying 'Please help yourself' and identifying them as 'With scent' and 'Without scent' – another nice touch – great attention to detail by this lovely lady.

'Cosy' bedroom, with candles and a nicely made bed – all perfect for a relaxed tantric experience.

The Lady:

Isabella means 'beautiful' (from Italian/Spanish, 'Bella') but also, apparently, 'promise of God' (from Elizabeth, in Hebrew). Well, I'd say LTs Isabella is beautiful, and she may well be a promise, or gift, from God, sent down to bring pleasure to us naughty boys! From my perspective, I'd say she's a sort of archetypal, fantasy 'Brazilian babe'. Dark and dusky, with an incredible, heaven-sent, sexy body – voluptuous, but toned, with a fabulous 'booty' that she wiggles provocatively – luscious dark hair and a face that I could gaze at for eternity, with a cute nose and THE most gorgeous, sparkling, green eyes – they seem as if they might stare into your very soul. As is often the case, WAY better in the flesh than in her LT profile page pics!

And Isabella has a personality as sparkling as her eyes. She's chatty and vivacious, with a lovely smile and infectious laugh – we had a lot of fun together. She also has a thirst for learning, so is a good conversationalist who's informed about the world, with an interest in history, as well as attending English classes (her English is extremely good, and she's even making sure she can understand, and use, our 'slang' words and phrases – great girl). Overall, a lovely lady, inside and out.

The Story:

That gorgeous face gazing at me, that fabulous body slipping and sliding all over me, and Isabella's naturally naughty and flirtatious personality all mixed together meant this was a very special tantric, erotic and sexy-sensual massage session.

Isabella greeted me in a pair of extremely high pair of black 'killer heels' and a lacy, partially see-through black robe over black bra and tiny thong – WOW! My jaw hit the floor so hard I thought I'd chipped a tooth!

Emerging from a shower (I didn't stay in too long – seeing her in that sexy attire, I was eager to get going, lol!), Isabella treated me to a delightfully sexy and provocative dance as she let the robe drop to the floor (more jaw dropping, lol!), before leading me to the bedroom ('massage area') and asking me if I could help her out of her bra – being the perfect gentleman that I am, I was more than eager to give her assistance, lol!

And that was the brilliant and fun start to a truly brilliant and fun tantric massage experience.

Isabella went all out to make sure she gave me fabulous time. She clearly enjoys herself – which really made the session very special – as she worked me over with hands, fingers, breath and body. There was relaxing, tantric and a bit of Swedish, but also teasing and tantalising, which I love.

Isabella was delighted at how she had me squirming as she 'attended to' my erogenous zones, which she very quickly found, and then kept returning to, with a cheeky smile as noted my anticipation and delighted in my reaction.

Just to mention – turning over was a very special treat as I could now see Isabella in all her oiled-up magnificence – it really was an awesome sight, much appreciated by my 'lingham', who seemed to get even harder, if that were possible (he'd been pretty damn hard throughout the first, 'face-down', part of the massage). All sorts of tricks and teasing, with much attention paid to Mr Lingham, leading to a superb 'release' that left me drained but wonderfully relaxed and satisfied.

So, a wonderful tantric massage experience – possibly a 'promise from God' - filled with many delights and a great big dollop of Brazilian sexiness and passion. TOTALLY recommend – obviously!
