The Story:

First time I write a bad review, but this girl shouldn't be doing this work, nobody forces her. If she doesn't want to be there or she is feeling tired, she can stay at home or go work in a farm milking cows. Get in the room, take your clothes off, lie on the bed and straight to milking your cock. Not very polite behaviour, she was trying to finish me as fast as she could. I felt like she was keeping a distance, no kissing on the body, didn't even try for the mouth. When I finally finished she left abruptly. There are far better girls in HOD who treat you much better. Not a chance I'm going to her again.
