### The Premises:

Terrace house in Walker. Not the nicest area. Few people in the street which wasn't great but there just happened to be someone pulling up down the street which didn't help. Bedroom fit for purpose, nothing special. Asked for a shower and there was only one towel to be seen which had clearly been used before, not great. Ended up drying myself with my jumper haha.

### The Lady:

Really good looking girl. I saw her described as the type of girl that would work in the perfume section in boots which would be accurate. Long blonde hair, tanned skin with enhanced boobs. 32G apparently, think I was expecting them to be bigger but they are still a good size if you are a boob man but you can tell they are fake. 5ft 6 according to the website which seems about right as well as her age of 28 as I would have said around 30. She was dressed in a black skirt with a matching black crop top thing with long sleeve.

### The Story:

Arrived at the venue and dolly answered whilst standing behind the door. I was buzzing once I saw her as she was a head turner, proper blonde bimbo. Showed me into the bedroom where I then asked for a shower. Not the nicest of bathrooms but did the job however I was disappointed with the towel situation, not a good sign. Once dried went back into the bedroom and joined dolly on the bed.

Started with a few pecks on the lips as we started to explore each others bodies. She quickly removed her top to release them both instead which she had a nice play with while she started to stroke my cock. Back to some 'kissing' and she pulled up her skirt so I could get access to her pussy where I started to rub her clit. Realised I wasn't going to get any proper french kissing so I gave up with that and started to suck on her tits while rubbing her pussy.

She moved down to my cock and started some owo however this only last for a couple of minutes. She complimented me on the size of my piece (don't the all)! She then said we should get a condom and started to put it on me when she said that I would have to go on top as my cock was too big for her to go cowgirl! Now I'm happy with the size that I'm playing with but to say that it's too big for her to go on top is just ridiculous. Don't know how these pornstars cope ha. Bit of a

disappointment for me as seeing as I'm a boob man, cowgirl is my favourite. She still hasn't removed her skirt at this point, just hitched it up. I went on top and pounded away at her until I came. Was my first punt for a long time so I didn't last very long. She went to get some wipes and she came fully dressed and cleaned me up. Bit of chat while I got ready and out the door. Looked at the time and I must have only been on 20 mins walking down the street I had a quick look back and she was leaving straight after me. Clearly was in a rush, probably got her last booking of the day. Probably explains why she didn't want to do cowgirl incase she got too sweaty.

Shame as she is a stunning girl and just what I was after physically but I left feeling a bit robbed. No way I could return after such a poor meet, even if I did just catch her on a bad day.
