### The Premises:

Meeting was straightforwardly arranged through Babylon Girls, who I find very efficient and gave me a 10% discount for weekend booking. Thank you, Babylon Girls.

Venue was a basement flat in block on busy road about 5 minutes walk from a tube station in southwest London. Easy enough to find, though initially I went down the wrong stairs to the basement - they are to the left, not the right, of the main entrance door to the block. Elisa's room was not huge but perfectly adequate and clean with a large firm but comfortable bed. There was also a small sofa with a large wall mirror behind it in one corner, which is a possible venue for some of the steamy action in addition to the bed (we mostly used the bed). The bathroom and shower just down the corridor were fine.

### The Lady:

Elisa is a very attractive Russian girl. Her face seemed slightly different from how she appears in her agency pix (some of which are blurred). Initially I was slightly dismayed by this but soon enough I had begun to really appreciate and admire her natural facial beauty, which include hyper-kissable lips. Her body is pretty much as in her pix, with lovely large natural breasts, superb derriere, mane of blond hair exactly as in pix, just the right amount of tummy fat. Age, height, bust size etc as stated on website all seemed pretty accurate. She has a warm and charming personality, is intelligent, speaks and understands English quite well. Overall a fantastic package!

### The Story:

My first review here for over a year as I have been less active on the escort scene during the pandemic but have been getting up to speed again over the last few months.

On arrival at the flat door, there seemed to be two buzzers for the same flat, so I tried both. After a minute or two, Elisa let me in and greeted me with a lovely smile. As stated above, initially I was slightly hesitant as her face did not exactly match what I was expecting. But I soon got over that, especially once I

had got a good eyeful of Elisa's killer body and the hot little outfit she was wearing -- consisting of heels, lacy panties and bra, topped by a semi-transparent baby-doll type thingy.

After sorting the paperwork and a quick shower, it was soon down to business. Initially, this consisted of some fondling and french kissing while standing up, Elisa smelt great and she felt even better. Elisa's baby doll and bra were soon off then she was rubbing her sexy ass up and down on my rapidly hardening cock and I had my hand in her panties. Elisa allows some gentle vaginal fingering but mostly seemed to prefer external stimulation.

Onto the bed, where I gave Elisa some RO, which she seemed to enjoy judging by her nice little moans and squeals (or else she is a great actress). Then on with a condom and sex in various positions starting with mish, then spoons, Elisa on top, then after a brief rest, doggy and finally vigorous prone bone where I finally came in the bag. Elisa squealed and wriggled a little under me, and this, together with the sight of her beautiful face as I pounded her, were big turn-ons.

Next, we cuddled and chatted a little, but after about five minutes, Elisa asked if I would like a second "pop" -- I think she prefers sex to conversation! My cock was already beginning to perk up again by this time (not surprising when you have a pair of tits like Elisa's pressed up against you), so I was happy to go along with this. This second session was shorter and again ended with my poundinhg her in prone bone position. This time, couldn't quite cum though (I am getting on a bit and cumming twice in an hour is becoming a bit of a rarity!). By now, my time had run out so had another quick shower, gave Elisa a kiss and a cuddle, and left.

Elisa doesn't engage in any time wasting or clock-watching, my time with her went quite a few minutes over an hour, which didn't seem to be a problem, though I guess this might be different if she had another client arriving soon.

I can't comment on her oral skills as (unusually I think) I don't particularly go in for having my cock sucked. But she was happy, and enthusiastic, about going along with everything that I did want to do.

I'd thoroughly recommend her and hope to visit her again before she goes back to Russia, which I gather she is scheduling for the end of September.
