The Premises:

I was given an address by text. Upon arrival, I phoned the lady to ask her for her flat number, she told me that she would come and meet me.

A lady approached me from the street, she was wearing a face mask and casual clothing. This was not what I was expecting! She then led me across the road and into a basement studio flat. The flat was fairly clean but had no lighting.

The Lady:

She seemed to be similar to her photos but I did ask myself whether she was using someone else's photos as her own. Especially when I heard her unappealing Caribbean accent! This was not the Scandinavian accent I heard on the phone when we briefly spoke. I wondered to myself whether she was working with someone else? I asked her about this and her background, she replied that her father was Norwegian and her mother was Malaysian Indian, this was not what I was expecting!

The Story:

After I had used the bathroom she asked me to put the money on the table and then offered a massage. It was a basic, poor massage and she wouldn't stop talking! She then offered me CIM for extra money, I declined this offer as I knew by then that I'd already paid her far too much! She did a little kissing for a few seconds, gave a decent OWO. I tried to kiss and explore her body but It just wasn't happening and then she finished me off with a good hand job! After that she was keen for me leave well before my hour was up (My appointment lasted less than 30 minutes when I had paid for an hour!) I told her that I had expected her to greet me in glamour wear, she replied that this was not possible as she didn't live at this flat and this could be arranged for my next visit! I had been expecting a sleazy, passionate encounter with a mature Swedish blonde instead I received a very poor experience with someone who is quite frankly an imposter and a Con-artist, Who is definitely one to avoid!
