The Premises:

Star works out of a converted flat in a residential neighbourhood near to Victoria Park. There's plenty of street parking available or it's about a ten minute walk from Worthing train station. Her flat is on the ground floor just a few steps from the communal entrance. It is well lit and presentable with a large, clean, modern bathroom. The bedroom is bright and airy with a standard double bed and not much else.

The Lady:

Star looks exactly as shown in her photos. She's a petite, bottle blonde Thai milf barely over five foot tall. I would guess her to be in her mid to late thirties. She's slim with just a few very faint stretch marks on her stomach. Her boobs are enhanced, with noticeable scarring. She is completely hairless down below and has a small, tidy pussy. She has soft, caramel skin and smelled amazing, being freshly showered and perfumed. She was smartly groomed, with manicured nails, and plenty of gold jewelry.

To me, she looks quite similar to the porn star Miko Lee.

The Story:

It was a case of "third time lucky" meeting Star. I had arranged to meet her twice before but she cancelled both times (with plenty of notice, to be fair). Everything was arranged over the phone a couple of hours beforehand and she texted me her address. She called again to re-confirm five minutes ahead and gave me the flat number.

She buzzed me in and was stood in the doorway in an elegant white dressing gown with a beaming smile. I paid £150 for an hour, plus another £20 for OWO. She offered CIM for an additional £30 but I didn't have the cash. She told me that she doesn't currently offer any extras besides these (despite them being shown on her advertisement). I was offered a bottle of water on arrival but declined it.

After being paid she disappeared whilst I undressed then returned in just a tiny thong and plenty of gold bling. She doesn't allow kissing on the lips but we constantly kissed and caressed one another's bodies. I lay on my front and she straddled my back giving me a slow, relaxing massage. It was a good fifteen minutes and felt great with plenty of reach-unders and gently running her polished nails all over me. I then sat on the edge of the bed and she knelt down to give a fantastic, protracted blowjob. She started off shallow but went deeper and deeper, plenty of spit and pausing

to slap my cock all over her face. I stood up and face-fucked her which she took balls deep without batting an eyelid. Next, we 69'd on the bed so I could taste her sweet pussy and rim her too. She put on the rubber and thankfully, unlike a lot of Thai SP's, didn't use any lube! She's small and tight and fucks energetically. For me, this is her best point, she really put a lot of effort into her work. We moved into various positions around the bedroom for about fifteen minutes, and she constantly gave an enthusiastic performance. She was happy to have both her hair pulled and her arse smacked. We finished by fucking hard up against the bedroom wall.

Star gave me all of her attention for the session and chatted happily afterwards until the full hour was up. She did do a lot of porno style moaning and facial expressions throughout which may not be to everyone's liking, but I enjoyed it personally.

Would I go back? Definitely, but probably just for a half hour booking in the future.
