The Story:

I have been to ego massage many times and have always enjoyed the experience. Today was totally different. Arrived my usual 5 mins early and was shown to the room. I took a shower and Sophia came in bang on time.

The massage started on the back of my legs and more or less stayed there, none of the usual reach unders and a 30 second body to body. I was also told that she doesn't like to be touched.

Turned over again no touching, some work on my shoulders followed by and a quick body to body.

Then off to the side to perform the handjob.

Showered and done. All in 30 mins. When I questioned this I was told "you arrived early" and the shower time counts. I know but it was still still only 35 mins door to door.

She even said that she wishes the day was over when I asked if she had a busy afternoon booked.
