The Premises:

Clean apartment in Central Milton Keynes with shower available. there is lots of cheap car parking about 5 mins walk away.

The Lady:

Stunning, ebony lady opened the door wearing a black lingerie set with fishnet stockings, all the curves in the right places, silky smooth skin.

The Story:

Opened door and greeted by Millie in nice lingerie, Said our hellos and offered bathroom/drink. Sort that out then paperwork.

Both stripped and onto bed. Asked if I wanted massage or straight into it. Choose to go straight in. Asked if I wanted to kiss and if I wanted owo or ow. Owo chosen. Protective sex offered but declined.

Owo begin good suction and technique but not to much depth but spat nicely on it throughout. She laid in a way I had full access to her tits and fanny and fingered her nicely and rubbed/sucked her tits.

Nice juicy arse, done light slapping and playful bites.

15mins of this and we changed position so she laid on her front and she sucked me off whilst I kept playing with her.

I was about to cum and she said CIM is extra so I just COB , abit disappointing. But took it with effort and enthusiasm.

She put a lot of effort and enthusiasm into the Owo and that was good but when I was fingering her she wasn't very responsive I don't know why still wondering. Wished I seen her when she first started, well worth the punt.
