The Premises:

An upstairs flat in a scruffy block around the back of Deptford High Street. It was clean and functional inside.

The Lady:

A mature Chinese lady. She was plump with B to C cup breasts. She was wearing a red costume with a short skirt and white cotton tights.

The Story:

This was a spur of the moment punt. I wasn't too far away and mostly fancied a massage. I was directed to an Iceland supermarket and to phone when I was there. A few minutes later I saw a dumpy Chinese woman wearing an anorak approaching me. I started to have doubts and hesitated. I decided to continue and she walked with me to the entrance to her flat. Once inside there was a flight of stairs which led to the massage room. Once upstairs I noticed another woman in a red costume which was revealing her largish cleavage. This turned out to be Corel. The lady who let me in took the money which was broken down into £30 for a 30 minute massage, plus £20 for hand relief and another £10 for topless.

The room was rather chilly, but it had a massage table. The first lady offered a 4 hand massage, but I declined. The massage from Corel was really good and relaxing. She seemed to have been trained. I was surprised it lasted for maybe 20 to 25 minutes too. Before turning over Corel started reaching under and stroking my balls. That was very arousing and this continued for a good 3 or 4 minutes after I'd turned over. She revealed her breasts and they were natural, but disappointingly lacking definition. I gently licked her nipples and fondled her breasts. She asked me if I wanted a slow or fast hand job and I opted for slow. It wasn't too bad, but I had to ask her not to grip too hard. To summarise, good massage, good hand job, but the lady was older than I'd hoped and of course nothing like the girl profiled.
