The Story:

I read the other reviews with Yes, but also they mention Vanilla service, and i wonder how Vanilla can be since they all like her service....

Well i was wrong....

I enter the basement 18:55, and then she come at 19:00, then i give the cash and my own good condom for later, she started with introduction and light lip kisses., then some more light kisses standing, she suggested we should go in bed, we did and i started kissing her small nipples on both tits, and alternate between light lip kisses, after a while on that she use a wipe on me, and proceeded for some owo, all this time she was play with my dick, the oral was not deep, just bellow the head, i suggested 69, then she said ok but no fingers and no tongue !!, she took position above me, in a way that was very hard to reach her pussy, only the tip of it, anyway i did not argue, then after a second of oral, she started just play me with her hand for minutes. The position and the hand made me uncomfortable and i started loose interest quickly, anyway after few minutes she took the condom and opened, then she apply it on me,, and when she try to give some oral with that, she noticed that is mint flavoured and she said that has a sensitivity to that, so she remove it and use another one from her bag, a thick one...i started loose more interest, anyway she play more with hand and a bit of oral, then she climbs on top, and started a quick bounce to the point that few times my dick went out so she had to insert by hand again, and we continue like that, no noise no interest, she closed her eyes and look away...

She suggested we change position, and i agree, so i stand on the floor, and positioned on the edge of the bed for some doggy, and believe me i try hard to finish, she make few noises, and then she offer me some wet wipes so i can remove myself the condom and clean myself, still we had almost 10 min left, but i started dress up, and having a usual chit chat, where i mention that i read reviews here, and she said that her friend Jules has some negative but is not her fault since the girls are

non click with everybody.

For me this service is equal to Soho 25£ but no more than that, she has a good manner and smile, but everything else is missing, she is miles away from a proper 80£ Gfe....
