The Lady:

Jess is perfection in every day. Slim slender body with perk tits and a Golden tan all over. Apart from her long dark hair there isn't a hair in her body!

If you like the petite, toned, head turning look this is your girl!

The Story:

I met Jess about 2 years ago and so glad I went back. An hour was much better than 30 mins. She was bubbly, chatty, funny and had a simple two piece underwear set on. We started with some kissing which quickly turned to clothes coming off! We went on to give each other oral which for me was without a condom which was amazing. Then onto some mutual masturbation and I have to say watching her stroke her tiny pussy is a sight to behold!!!!

After this it was sex in quite a few positions and I was even able to pick her up and move her around the room she is that petite. Only one challenge is that my cock is quite large and thick which struggles to fit inside her but once we'd been going a while we found it easier.

Finished by shooting a huge white sticky load all over her midriff and boobs and then some nice chat at the end.

A really relaxed meet and will be back next week!xx
