### The Premises:

Mid terrace house in middle of quiet estate in village just outside Grantham. Very clean. Upstairs bedroom converted to massage room. Soothing music. Massage table in middle of room.

### The Lady:

Slim gym fit figure about 5'5". Nice tits. Some tattoos. Nicely tanned. Although older could easily be in 40's. Fully shaved.

### The Story:

Lady is a qualified masseuse and her speciality is the naturist tantric massage with extras.

I have visited this lady a number of times so she happy to provide extras on top of her main service.

Freshened up to start and laid naked face down on table. She was naked. Started with relaxing but firm massage using oil over back and legs. Occasional strokes between legs. Then body to body massage with her rubbing body along length of my back from bum forwards. Then got me up onto hands and knees as she massaged cock and balls, getting manhood nice and hard. Then well oiled finger up bum for prostate massage.

Over onto back. Legs massaged and shoulders massaged with tits in face, plenty of opportunity to get to feel her firm body. Then onto me for a bit more body to body, with nice view of her bum. Then she concentrated on my manhood, first blowing, then licking and then gentle sucking. All the time me playing with her. Then, as I was getting close, finished me off with tit wank.
