The Premises:

Not a great neighborhood, gravelly hill, very industrial and very busy main rd. You can park outside on the pavement, plenty of public transport to this area. House is nice and clean, and well looked after.

The Lady:

Alison is a BBW gulf. Quite nice looking lady, 5ft 7" in height, short hair, highlighted. Size wise about a size 18, very slim legs and bum, but big upper body and massive, and I mean massive boobs! Age stated as 60, maybe older. Very friendly lady.

The Story:

Have to say I really enjoyed this and should have booked a longer visit. Started with oral on her and she enjoyed receiving as much as I did giving. Spent too long down there so did not leave much time for sex. When I finished down south she climbed on top after applying condom and rode me, it was great! I was smothered by those massive boobs, but I couldn't cum so she jumped off and whipped the condom off and wanked me off over her boobs. No rush to kick me out had a bit of a chat, and left a very happy man. Will book longer next time as she really enjoys receiving oral. Overall a great punt!
