The Premises:

A very small bedroom in a terraced house near Plumstead station. Not discreet but I doubt the neighbours care.

The Lady:

A petite, dark haired Romanian girl. Probably in her early 20s.

The Story:

This was a chance punt and a plan B. I wasn't expecting it to be great, but I have been lucky with these places in the past. Not this time sadly. First of all the bedroom was tiny. However, Tina smiled and at first I thought she'd be friendly. It transpired though that she just wanted me in and out the place. She was wearing a two piece pyjama set and just lifted her breasts above her bra. I just about managed a feel, but I got knocked back when I asked if I could suck them. There was little to no foreplay and once the condom was on I asked for sex in doggy position. With so little stimulation I had to concentrate hard to get over the line. It didn't help seeing her fiddling around with her phone either. A 15 minute punt would have been wiser.

I think it is time to move away from similar punts unless the feedback is good.
