The Premises:

Flat about 10 minutes walk from Victoria Station. Quiet residential area. It was 8pm not many people about so didn't feel like I was being watched. Discrete enough for me.

The Lady:

Pictures and description on the HoD website are accurate. Curvy brunette, mid 20s. Pretty. Smooth skin with a few small tattoos. Lovely hair. She's obviously not a slender European gym-toned supermodel, she is more the sexy girl next door.

The Story:

Morgan came into the room a little after 8 and apologised for being late. She was wearing sexy lingerie including a bra that emphasised her impressive bust and a g-string. She also apologised that she was not wearing stockings and I told that was ok and that I preferred it that way.

She asked me what I liked and I explained that I had had some problems getting hard earlier in the day and was hoping she could help me with that and then see where we go. She helped me undress and we retired to the bed.

She gave me a massage which helped relieve the tension in my muscles and relax me and her hand strayed between my legs a few times letting me know that there was more to come.

We chatted away for most of the session, except when we were busy with other things.

I turned over and she started playing with mini-me. The next few minutes she used a combination of her hand and her mouth to stimulate me. We also kissed. I remarked that I thought she was over dressed and she paused to remove her lingerie.

We tried to have sex but my little chap really wasn't having it. Morgan could get me hard but I was having trouble maintaining my erection. So Morgan continued to use her mouth and mainly her hand on me, determined to get me over the line. And eventually, on bonfire night, she brought the fireworks. I told her I was close and seconds later exploded satisfyingly in her hand.

We continued to chat for several minutes after this until it was time to dress and leave, in fact we had gone over the allotted time.

Whilst it was disappointing that I was unable to perform - which was all about me and in no way a reflection on Morgan - I thoroughly enjoyed my date with her. She was great company, good to talk to and I felt like she was enjoying my company as much as I was enjoying hers. She was also quite

intimate, physical proximity you would expect from a girlfriend but don't always get with an escort.

Would I see her again? Absolutely, as you can see from this report I have some unfinished business with her ;)

That aside I feel like repeat visits to her would enhance the experience as you get to know each other. I feel that the intimacy she showed could easily turn into passion.

This was my first visit to HoD and it won't be the last. Thanks to Morgan for her exceptional company and making my visit a successful one.
