The Premises:

The parlour is not easy to find unless you use the door numbers and is only a door on to the street, with no other signage, so people seeing you go in won't know what you're doing. The entry hall goes up stairs and you're greeted by the receptionist who tells you which room you need. The rooms are large and spacious and very clean and aren't the normal dimly lit affairs where you need eyesight like a rat to move around. The room had a double wooden bed as well as a jacuzzi bath and a shower.

The Lady:

Emma is a 34 year old Russian lady (although born in the Ukraine) and is about 6 ft tall, slim and perfectly proportioned and exactly as the photos on the website. She is a non smoker and is very very friendly without any airs or graces and puts you immediately at ease with her smile and conversation. Her preference for oral on her is slow and firm rather than a fury of tongue lashing... she responds very well to it too

The Story:

Started off with me being shown to the room and a couple of minutes later Emma walked in in just a bikini... OMG!, she is just as the photos on the site. She is great at putting you at ease and we sorted the paperwork out without fuss and I was offered a shower, which came with clean towels and nice shower gel.

Once towelled down she stood at the bottom of the bed and took off her top and ushered me over and started DFK, which she's very good at. I responded by playing with her breasts, which are slightly smaller than the photos show but more than sufficient, with very responsive nipples. She said the immortal words "I'm yours, do anything you want to me". Needless to say this made me stand out in attention but I didn't want to waist my bullets, so moved her to the bed and went down on her perfectly shaved pussy. Looking down at me whilst I licked her pussy she started moaning and seemed to like me circling her asshole with my finger... she tasted great. After I think she came she suggested it was my turn and lay me on the bed before the BJ of my life... deep throat just doesn't sufficiently describe how deep she took my cock and I thought she may eat my balls too. After several minutes of this I just had to fuck her and so she climbed on top of me and started to ride me energetically, grinding down and having a great time milking my cock... what a sight, her shaved

pussy swallowing my cock.... needless to say i shot my load deep in her... alas, my time was up.... i would definitely recommend her , shes everything you want her to be im sure (given the chance and your instruction).
