The Story:

A real shambles of an outcall wished I had never booked her. A strange weird smoker who likes weed all went wrong when she insisted on a cab paid from station an extra £30 from central London station . No interaction avoided any personal contact but just rabbited on about her life in Rugby and various lizard conspiracy theories!!

Then tried to charge charge me extra for cab back! This was never agreed on after £360 pounds this was enough. She stormed out after I told her no and tube was a 10 minute walk.

Avoid like the plague!!

Never book and escort that says the royal family are lizards. LOL.
