The Premises:

A 51st floor flat in a modern block a short walk from South Quay DLR tube. It was very modern inside with shower facilities.

The Lady:

A very dainty Chinese girl about 5ft tall with a very slim figure. She had a pert bottom and B/C cup breasts.

The Story:

I had a very enjoyable session which started with a shower. When I stepped out and back into the room Chloe was naked and laying on the bed. I thought this was going to be a massage/relief session, but it turned out to be more sexual. I received covered oral which was lovely. Chloe was caressing me lightly at the same time and I was tempted to culminate with that alone. Instead we had sex in doggy position. Chloe positioned herself very low and I had to crouch accordingly. It didn't take me long to climax.

It was a pleasure watching Chloe dress including her white cotton knickers.
