The Premises:

Close to MKE Premises;

A lovely hideaway tucked away in quite Fenny Stratford; albeit a did feel a little bit exposed waiting outside but shouldn't have worried as it is behind the main road.

Inside is well organised and looked after, friendly, comfortable and relaxed atmosphere...and well run by the Maid

As I have written before:

Again if their was a more discreet entrance (away from prying eyes or even an enclosure, would be much more easier)

The Lady:

First time seeing Scarlet, an absolute dynamite pocket rocket of a lady, Gym Toned, beautiful soft, silky skin and a friendly, down to earth and really playful (Which I love, she is very good at putting anyone at ease as she has a naughty sense of humour.

Love sexy tats (As most hot girls have these days)....

What a great addition to this already top notch establishment.

The Story:

As reported many times on here:

A lovely hideaway tucked away in quite Fenny Stratford; friendly, comfortable and relaxed atmosphere...and well run by the lovely Maid

I'm on a Pre-Xmas Punting Run at the moment so getting these in before dry season approaches in the new year (Budget, Everyone depressed and trying to get to February)

I booked Scarlet on the back of some strong reviews and I have a strong affinity with demure, sexy

Italian women.... and jumped at the opportunity.

Time is not my friend at the moment, before I knew it I had to get to MK, managed to get a good parking space that's not in the main car park (For maximum discretion)

However as I was approaching the entrance, I found a lorry parked right beside it with two guys gazing at me and a couple of workers walking by me, to the upstairs restaurant, I would usually evade Sods law, that nothing for the 10 minutes waiting, then soon as I get out the car and approach the entrance everyman and his dog want to come out and play.... jeeezz

Anyone I persevered to the entrance and the always lovely Maid greeted me, the normal Covid rituals and up to my Fav massage room.

Jumped into the shower and Scarlet came in within a minute..., I was showering off and she looked sensational, about 5'5, sculptured body and a stunning face "Think of Lilly Roma"

Dried off and I laid front on the massage table, what transpired was 45 minutes of bliss, again a very sensuous and lovely touch on my back, shoulders and legs, not as firm as other ladies but firm enough, we chatted throughout and she stroked me in various places... wasn't the most thorough massage but enjoyable all the same.

Scarlet has extremely smooth skin, bubbly and chatty, puts you at ease and enjoys her job from what I can see, I can't fault any part of her body, (just exquisite, & designed to be admired and respected) Just my cup of tea...

The only way I could make this experience even more fulfilling was if they allowed kissing and 69ing... however this is a entire different of services they do not provide...

She allowed me to touch her well crafted physique, (She was not happy with it, as most women do) however it ticked all my boxes and then some.

She accommodated a few of my sexual idiosyncratic proclivities and I promised her that I would be back for a longer period (knowing what I like and enjoy i.e.)

Once again it is certainly worth the hour drive to see very beautiful girls that give you all the right attentive attention for 45 mins or so, it's very addictive, especially with all the normal stresses everyone faces with on a day to day basis, and Covid nonsense... I do wish that the shower time was not included in the allotted time, as this is still a gripe I have with these kinds of establishments and so you don't really get the full time, When you see an independent, the shower or wash up etc time is never included in the time.

Another great visit to Ego once again.... I have to say the Quality of the ladies they have their is probably the best in the Country, just great and lovely girls with a top notch maid also.

This would be near perfect if the entrance (For me at least) was not so exposed to the car park and next door businesses, and shower times were not included in the allotted time.

Scarlet is a real treat and I would be hoping to see her again very soon when and if I can get the time off.
