The Premises:

A third floor flat one minute's walk from London Victoria station. I had to phone when I was at the door because I didn't know which button to press. The room was really small with a massage table.

The Lady:

Exactly as pictured. An attractive Thai lady with a dress size 10 body and natural C cup, breasts.

The Story:

I enjoyed the experience. It started with a mixture of a shiatsu/relaxing massage. I'm glad I opted for medium pressure because I think firm would have been too painful. The first few minutes were rather repetitive with 3 pressure points on the right side of my back being pressed followed by the same 3 on the left. Fortunately the massage continued down my lower back and legs. There were plenty of reach unders which got me suitably aroused. I had paid an additional £20 for topless and Daojai removed her bra before the massage. When I turned over I was allowed to fondle, but not suck them. The relief was OK, but not exactly how I like it. Daojai was quite assertive though and continued doing it her way before I finally succumbed.
