The Premises:

Nice and easy incall in Earls Court, close to the station, and a place I've visited before. Always nice and clean and tidy. Facilities were good, nice cosy room.

The Lady:

Star is the girl in the pictures for sure. Although (and this is rare), she looks much better in person. She is in her late twenties, perfectly natural all over, with a great shape. Lovely round ass, nice sized boobs etc. She has a great smile, and a lovely personality. Speaks good English too. Overall, beautiful

The Story:

Star was wearing a lovely matching set of white lingerie. Stockings, suspenders, panties and bra, and a nice pair of heels. She was very keen to begin kissing me. She kisses like a lover, and savours ever second of it. After my shower we got straight down to the action. Stood pressing our bodies against each other while we kissed and I slipped my hand into her panties to feel her wetness. She was certainly very eager! Stripped her naked, more kissing and we fell into each other's arms in a very real way, everything seemed to flow naturally. She took me in her mouth first and sucked my cock real slow, with lots of eye contact and encouraging noises. I would have stayed like this were it not for the fact that I wanted to experience more.

When I went down on Star she really got into it. She was already very wet, and the way she held my head and directed me just where she wanted me was indication enough that she was enjoying herself. It wasn't long before she whispered that she wanted to fuck. On with the condom and into her wet pussy. A very nice fit and she moved against me nicely as she began to hold me tighter and pressed her lips hard against mine, moaning. I quickened the pace and she came with a little yelp and relaxed her body underneath mine. This felt amazing.

Started up the action again after a little with her on top and those lovely tits in my face. She rode me beautifully, up until I was wanted to cum. I told her I wanted to cum on her pretty smile and into her mouth and she jumped off to eagerly position herself on the floor, on her knees. I whipped off the condom and she looked straight into my eyes, with her tongue out smiling. I came on her face and it dribbled into her mouth, after which she took my cock into her open mouth and sucked it nice and

slow, making my knees go very weak.

This is a sensational woman, and well worth the time and money. We chatted at the end and she showed me some of her work, she's an artist and has some wonderful talents for sculpture. This woman will go far in whatever she does. Sexy, intelligent and artistic. We got on really well, and she made me promise to go back and see her again soon.
