The Lady:

Profile fairly accurate, actually 27, beautiful stunning figure although she does have several moles around her body and a cesarean scar, she is a single mother, she communicates very well and has a midrange calm caring open and willing energy.

The Story:

Good calm centering connection, we both had were tired and a little low in energy when I arrived, The first hour was connecting with caressing, hugs and conversation and some enjoyable time going down on her sexy pouting pussy. The second hour was some massage swapping some OWC and finished with and enjoyable missionary session. I loved looking into he eyes, jut being in the moment with her and would have been very happy to have just stayed the night falling asleep cuddled up with her.
