The Premises:

Her place is just around the corner from Marylebone station. Has a small but working shower. The bedroom is nice and pretty big, as is the bed. Nice proper king size bed.

The Lady:

She looked pretty much like her photos. She was wearing pretty high heels, but when she took them off, you could see she's about 5 feet. Fairly nice boobs. I'd describe her as the asian girl next door type.

The Story:

The non-sex part of the session was very pleasant. She helped taking my clothes off. Gave me and assisted shower, and towelled me down. Didn't leave any nooks or crannies when drying me. The sex part was sort of pleasant, but very mechanical. Basically, don't really touch the nipples, but she's fine with general boob fondling. Soft delicate touches on the pussy, don't put finger anywhere near inside. etc etc. She likes to keep some control. She definitely didn't like being pounded with her knees to her chest, or beside her chest. She tenses her legs in missionary to prevent deep strokes. But the weird thing is she seems to enjoy sex. Basically after I very obviously came while she was on top, she kept riding me, until the point where she was just grinding pretty tightly right against the base. She kept going like that for a while.

But with all that said, if you're after being pampered a bit, and then want to have a couple of rounds of pretty vanilla sex, or just want to lay there while she does most of the work, all with a fairly decent massage in between, then she's not a bad punt.

Anyhoo, as for what we got up to. After drying me off, she asked me to lay on the bed, and started by kissing me. She doesn't seem to like DFK. Only light tongue play. Then she went on to lick my nipples, belly going down to an OWO blowjob, with a lot of attention to my balls, followed by some rimming. And basically some combination of that for a while. Then she started lightly teasing my cock with her pussy. Not full on pussy grinding like the well reviewed Mimi or Tracy from the agencies. She grabbed a rubber while doing that, and then put that on with her mouth. Then she started riding me. Started with her on top. Switched to Mish. I tried to go for some deep pounding, but like I described above, she wasn't having none of it. So I asked her to go on top again, but ride me harder. She obliged, and like I said. I came, but she wasn't quite ready to finish, so she went on riding for a bit longer. After we were done, she gave me a pretty decent massage. I'd say better

than average you'd get in a typical chinese massage place. then we went for round 2. A couple of positions again, but mostly her on top. Another shower after that, and then she helped me dress. And I was out.

I haven't ventured into the AW girls in the past. But talent is low. I'm missing my favourite patricia, and I wanted to try someone other than just the two main girls I go for. I'd feared it would be worse, but in fact it was nice in some way. Like I said, if that's what you're after. She's not a bad punt. You'd enjoy your time with her. But I won't be seeing her again. I like my mix of GFE/PSE.
