The Lady:

Tall, slim and very attractive Chinese girl who I would guess is in her mid 20s. Looks just as sexy as she does on the website in person. Definitely a classy girl.

The Story:

I wanted to treat myself to an early Christmas present so gave Anabell a call and what a gift it was! I initially booked an hour but kept on extending ending up keeping her with me for over 6! As soon as she arrived she was wearing a sexy but elegant and classy outfit. We had a glass of wine followed by a passionate kiss. She then unzipped my pants and gave me head that was out of this world. Perfect amount of tounge and deepthroat action that felt unbelievable. I exploded shortly after before we were even ready for the main event!

She followed this up by giving me an amazing massage that left me completely relaxed. I didn't want her to leave so extended the booking. We then had the most amazing sex! Her pussy was so wet and my cock felt great inside it. I fucked her really hard and she was definitely enjoying it. We fucked in multiple positions and went several rounds throughout the night. If you are looking for an Asian girl who is classy on the outside, incredibly sexy, has a great sense of humour and speaks fluent English, yet is as nasty as it gets in the bedroom, Anabell is your girl!
