The Story:

After I had freshened up there was a bit of snogging and groping before I started warming her up with some sucking and licking.

As she knew I would want a round of anal she asked if it was OK if she put her butt plug in to open up the entrance. Of course I said yes.

Next she went to work on my shaft with her mouth. With a bit of spit, plenty eye contact and some deep strokes she soon had me stiff and I invited her to climb on board for some cow girl which lead to a climax for me.

After a catch up chat she went to work on me again and when I was rock hard and covered up she took out her little butt plug and presented herself in the doggy position in front of her large mirror. She helped me slip into her bum and then I enjoyed pounding for several minutes before withdrawing gracefully.

After a brief rest Sophie went to work again with her mouth and hands and due to her recounting what she gets up to with a lady client, whose hubby just likes to watch, I could not contain myself and managed another little spurt. All in all a good result.
