The Premises:

Was told a private house in a residential street and from the outside looks ok. Parking is tight on street but ok. Bonnie opened the door after ringing me and led me to the 1st floor where it dawned on me this was an HMO due to the room having a large number 4 on the outside.. Looked clean enough and her room was small but adequate.

The Lady:

Blonde about 5ft tall very slim small tits dressed like a chav in tracky bottoms and hoodie. I suspect she is a druggie. Photos on her aw webpage are better than real life as always.

The Story:

On the phone I did ask if she shared a house, she said it was her own place and we wouldn't be interrupted by anyone else in the property. She claimed she privately rented a room in a professional house and the other 2 housemates were at work until 10pm. Once I passed her my 130 quid for the 45 minutes I booked she left the room saying she needed the loo and for me to get comfy. I only took off my top and waited for her to return but instead a large 6 foot skinhead aged around 35 claiming to be the landlord came into the room and asked me to leave in no uncertain terms. He said this is the 3rd time he had caught her selling herself and the house had kids in it and it was for homeless families not whores. He was talking on his mobile all the time and said it was the police who were on their way to arrest me. He locked the door and said I had to be detained. I hastily got my top back on together with my coat and told him I was going to leave and if he wanted me to speak to the police I would wait outside. He showed no serious aggression but was intimidating. I upped and left. Rang and text Bonnie313 asking for a refund but as expected no answer to any of my messages or calls. This has made me more cautious and paranoid about visiting girls who share a house now and I would advise anyone to avoid this scammer at all costs. I think her 3 score feedback on aw is left by her thug boyfriend.

Service Provider's Rebuttal

The lady writes:

I'm glad one of my clients showed me this review or I wouldn't of had any idea at all that this had been posted about me this same guy has bad reviews when you type his number in but never the less I gave him the benefit of the doubt he tried to haggle with money after we agreed on price he

showed up late then with no money this is the real reason the booking did not happen I left the room as he seemed aggressive so I got a neighbour to remove him I have good feed bk online from clients! Felt I needed to put this straight! Stay clear from this guy
