The Premises:

An unremarkable flat in a former office block close to East Croydon railway station. On-street parking is impossible but the location is easily reached by bus or train. The premises is occupied by three working girls who also appear to live in it. The bathroom and bedroom were both okay but nothing special.

The Lady:

Isabell is Romanian, aged 19, has long black hair and a petite build. She has very small breasts. I found her attractive although I don't think she was the girl in the AW profile where she advertises as Party Isabell. She is a smoker and speaks reasonable English. She has a large tattoo on her stomach and has clearly had a few kids already.

The Story:

I was in Croydon town centre and looking for a fall back punt after Plan A fell through. Isabell's profile caught my eye so I gave her a call and was immediately texted her postcode and a price list. On arrival she let me in. I had to wait in the bathroom while another punter left.

The paperwork was completed for a 30 minute visit once I'd been shown into the bedroom. I declined the offer of OWO for an extra £20. I got undressed while Isabell left to stash the cash. Things started to go downhill rapidly when she returned. She was constantly on her phone and completely disinterested. My efforts at foreplay were met with complaints such as no touching my face, no touching my hair, no fingering and no kissing despite this being advertised on her AW profile. She also refused to remove her rather large, opaque and unattractive bra.

She tried to put the jonny on my flaccid cock almost immediately. As I was feeling horny it didn't take long to get hard and she then gave me a reasonable covered blow job. This only lasted a couple of minutes before she lubed herself up and ordered me to shag her. She told me she didn't want to go on top so it was missionary followed by doggy and which lasted around ten minutes until I came. She then gave me a wet wipe and told me to remove the used jonny myself.

This was another disappointing punt with an attractive young Romanian who wants the money but doesn't want to provide the service. I was in and out in less than 20 minutes in what looks like a conveyor belt operation. Unfortunately there's not much else available in Croydon these days for this price and times are hard. I certainly won't be returning and told Isabell as much when I left. She

couldn't have cared less as she already had my cash. Don't give her yours, guys, as she's a waste of money.
