The Premises:

Small block of flats in a residential area of Earl Shilton. Descrete parking at the rear of flats. I'm pretty sure none of the other flats in the building were occupied so no worry of bumping into anyone.

The Lady:

Valentina is stunning, facially really beautiful, great looking body. Nice all over tan. Only difference with website photos are that on the Renaissance site she looks as though she has just had Botox which I don't really find attractive but in person her Botox swelling has now gone down and so just beautiful.

The Story:

Was easy enough to find on a quite street, buzzed into the flat and made my way up one flight of stairs where I was greeted by Valentina. Straight away came across as being very friendly and chatty. Once into the flat she asked me to removed my shoes before showing me into the massage room. Once in, the room very nicely decorated with a massage table in one corner, a double bed, and few decorative bedroom furnishings. She then asked if I would like a shower before we start to which I agreed to and if I would like a drink which I never turn down a glass of water. She then points me to a chair in the corner of the room and tells me to get undressed while she prepares the shower and fetches a water. So started to remove my coat and then socks, jeans and just about remove t-shirt when I realise she's still stood behind me watching. I know she will see everything soon anyway but still can't help be a little nervous getting completely naked in front of such a beautiful lady. Sod it! Off comes the rest of clothes and turn to face her and calm as you like "follow me this way and I'll switch the shower on for you." Quick shower, (with plenty of variety of shower gels to choose from.)

On return to the room Valentina had my ice cold glass of water. She explained that we start with a massage on the table and then finish with b2b on the bed and then ushered me to the massage table. Asking me to lay face down first whilst moving to remove the towel from my waist.

Now I wasn't expecting anything special from the massage itself but as soon as she started I could tell she knows what she is doing, nice firm but not painful. I do have a few areas that cause me problems and through out the massage she knew exactly which places need extra attention. Every so often feel her warm soft leg lean in and press into my hand which down by my side, very difficult to resist temptation to grab hold of her leg... With nice conversation (looks wise I would say she is in

her low 20's but as we chatted she's comes across as so mature and well mannered.) After maybe 10-15 minutes she tones the conversation down and starts with the occasional cc swipes. Again Valentina knows exactly what she is doing with the occasional massage my balls then reaches right down to have a grab of the little fella, can't help myself at this point so her out by lifting my waist slightly for better access. Soon as I do this back the leg massage, then reach under again... She's enjoying herself teasing me with these reach unders but boy it feels good. She then asks me to turn over and adjusts the table so I'm sat up slightly. Carries on with the leg massage, working her way up to the waist, she does this so erotic, I was fully hard within seconds of turning over. "He's ready to play already!" She jokes. Grabbing him firm than before and giving him a few tugs... It's impossible not be hard when she keeps doing this. Few more minutes on the table then time to move to the bed.

Asks me to lay face down on the bed first, once face down Valentina proceeds to remove remove to little clothes she had on and rubbed some oil on herself. OMG what a gorgeous body she has! Once the b2b on my back started, it didn't really do much for me other her occasional kind of erotic breathing as she face got close to mine. Luckily this didn't last long before asked me to turn over again. Wow what a site! She started by kneeling between my legs rubbing her body up my hard cock. Unsure how much I could touch her gently caressed her waist as she move up and down. She must have read my mind, "You are allowed to touch." And grabs my hand and firmly presses it to her breast. Then starts using her pussy to massage my dick (no penetration.) my hands start to explore more of her body grabbing her arse, more boobs, things are reallly getting sensual now! She leans right in, Bloody hell she's about kiss me! But turns away last second, I can't help myself though and gently kiss her neck, she didn't seem to mind this, then turns around the finish. On all fours, showing me full view of her lovely arse and beautiful pussy, can't resist, so start to gently massage her pussy. She lets out a soft moan. Her left hand holding down my left leg as she slowly picks up her speed with her right hand. Couldn't hold out any longer, I exploded. As I came she kept going whilst managing to hold me down and came to a gradual stop... WOW! That was incredible.

Another round in the shower, when I came out she sat on the end of the bed smiling and once again watched me get dressed whilst we had another chat, telling her that was the best massage I've ever had. At this point I also realised I haven't given her any money! Whip out my cash and happily pay up. She then shows me to the door quick hug and only way. £90 for that was well worth the money.!
