The Premises:

Nice car park behind the main road. I got there a few minutes early to make sure it wasn't too busy before heading in. Being a first timer, I was very nervous, the lady on the entrance was very nice, after the temperature check, she offered me a drink, which Kim brought in, and showed me to the room. I wasn't really sure what to expect inside, but it is very nice, clean, tidy and nicely decorated and furnished, it was definitely better than I thought. The shower isn't too bad, only comes on for 20 seconds max, then you have to push the button again, shower gel provided. I was worried about what they use and what I might smell like afterwards, but the products used are fine, no smell. Obviously you have a shower after, so if anyone is worried, you can take your own products. The room I was in was the smallest, was fine, just probably could have done with somewhere to put my clothes rather than on the floor in the corner.

The Lady:

Kim is a really beautiful lady, and her pictures are spot on. Her face is obviously blurred in the photos online, but she is truly stunning. I explained when I got there it was my first time and nervous, she talked me through it all and really made me at ease. Conversation throughout was really great, entertaining and flowed really easily. This really doesn't do her justice, but I can not give her enough compliments.

The Story:

The massage was fantastic. Face down and Kim went to action. her massage was soft and sensual, talking though out, putting me at ease and really invested in what I was saying. She massaged all over and the reach unders were amazing, really knows how to work a body. She gave me my first body to body and she didn't disappoint. Slid over my very erotically, heaven. She moved to the end of the couch and massaged my shoulders. She must have guessed I wasn't sure what to do, so promptly put my hands on her bum and it's quite the feature. After Spinning over, more body to body, fantastic boob placed in my mouth, while she had a good feel. The photos don't really do justice of how nice her body is.

Time to repay the favour and I asked to give her a massage. Looking down on her body, she really is something else. Rubbed her body all over, then set to work on a couple of knots on her shoulders

that needed some attention, while she was trying to have a reach for me.

Swapped back over and when the time came, Kim was really invested and made sure I was comfortable and made sure I was enjoying as much as possible.

Having been tempted by the place for a while and not being able to visit, Kim was a great lady to spend some time with. I'll definitely be back to see who else Ego has to offer
