The Premises:

Respectable part of the town. Plenty of on street (free) parking. Close to shops with plenty of folk about - so no suspicious looks. Inside the apartment was clean and tidy; not overly large but more than OK for us two.

The Lady:

I know it's cliché but Isla's pics do not do her justice. Facially she is stunning. Slim not skinny. If you're into tall girls or big tits - look elsewhere.

The Story:

The usual behind the door trick. When inside, I was pleasantly surprised (and even shocked) to see this fit babe in her super sexi underwear.

We started off with a massage. This was the real real mccooy. My muscles became relaxed although that very important muscle enjoyed it very much as she rubber her boobs over me.

Later there was kissing, rubbing, touching and in-an-outs. We finished off by HJ - my choice. Afterwards we had a lovely chat. I got the impression throughout she was trying to please me.

If you check out some of my other reports, you'll see I do criticise girls where necessary. In this case, I can not see any negatives.

Would I visit again? Well, what do you think!?
