The Premises:

A lovely modern flat in Island Gardens, Canary Wharf. It had shower facilities.

The Lady:

A very petite Thai girl with enhanced breasts and a very small bottom.

The Story:

I enjoyed my session despite not being a fan of boob jobs. However hard they try they always seem to be too firm. She did have a really tiny frame and a particularly small bum which I enjoyed squeezing. The session started with an assisted shower which wasn't bad, but I'd have preferred having it on my own. We returned to the bedroom and I received uncovered oral which was very good. I was a bit tired and didn't want to lose my erection so I opted to come from this. I had paid an extra £20 for either CIM or CIF. I decided on the latter and came over her mouth and chin. It was a good session despite the boob job and the problems with language.
