Not the girl profiled hence the No Recommendation. This is probably a bait & switch or a profile retread.

The Story:

I was looking forward to this punt because I'd seen Mila once before at a different location. The girl I saw was very friendly and she didn't hurry me. The problem was she was at least 2 dress sized bigger and she wasn't Mila. I was within my rights to walk, but I went through with the punt by switching to plan b. I use plan b in situations where I really don't want anything more than a topless hand job. She had a condom ready to give me covered oral, but I declined. Her breasts were large not as large as Mila's but still large. The saving grace was I wasn't rushed and it was a friendly punt. I came over her nipples to conclude.
