The Premises:

A modern flat about half a mile away from London Bridge Station. It was very clean and comfortable inside.

The Lady:

The profile pictures are accurate. She was wearing black hold up stockings and a skimpy matching bra and thong. She looked great and I was looking forward to the session.

The Story:

Sadly it was not that good a session. Gina seemed a bit distant and it felt a bit like I was a hinderance. We both laid on the bed and she was laying on her side just staring at me. I'm used to the girl taking the initiative I suppose. She hadn't removed her bra so I just scooped her breasts out. They were natural and probably a B cup. I tried giving her compliments just to break the silence. I decided to just have a slow hand job. She was at least accommodating and she let me suck her nipples. She slowly stroked me while I was alternating between squeezing her very shapely bum and her breasts. I came after a couple of minutes and got dressed. She was laying on the bed playing with her phone. To sum up, good looking girl, lovely body shame about the lack of enthusiasm.
