### The Premises:

The usual well run establishment on a busy street with a discreet entrance. Plenty of on street parking. Well appointed rooms

### The Lady:

Ok not quite like the photos but they are professional shots so not unexpected. Great body, a true definition of curvy, not fat. Tanned, enhanced boobs but nicely done with great shape and not too hard. I ma sure she would have a pretty face if she smiled!

### The Story:

Straight off the bat we got off to a bad start. She said I had a cold sore (it was an angry spot) so refused kissing etc. but I resigned myself to the fact that this wouldn't be the best experience, she asked the same question twice so clearly wasn't listening or engaged. We started off with a massage which comprised some circular back rubs, I then turned over and she asked if I wanted oral?? Some good oral followed then on with the rubber and she grabbed some lube as she lay on the bed. I kissed her neck and she went mad and said no kissing you can get herpes anywhere. Naturally this was a big turn off, I turned her over but the moment had well and truly passed. She finished my off with a good hand job but seemed freaked to get some cum on her. She told me that she had worked independently so I guess she could get away with that level of kindness on there. Sorry but won't be returning
