The Premises:

Nice, clean, tidy flat in decent area of London

The Lady:

Slightly pudding faced asian girl with small breasts and nice bottom. generally quite attractive and similar to her photographs.

The Story:

The visit started well with her welcoming me in to her flat and then chatting for a brief while before her starting to giving me a blowjob. Went on to deep throat her in different positions finger banged her and licked her pussy. Then had intercourse in various positions which was ok. The issue was whilst she was compliant and did everything I asked she seemed distant. I felt it was probably similar to the way an AI/robotic girl would feel in the future. Overall I felt she was too expensive for the quality of services provided so will not be returning
