### The Premises:

First floor flat easily found and accessed from busy road a few minutes walk from tube station. Flat seemed to consist mainly of one large room, with a large comfortable double bed at the end of the room.

Smallish bathroom accessible from the main room. Cleanliness and the shower facilities were fine.

### The Lady:

Vivienne is British with some Asian (Thai) heritage. Her face is exquisitely beautiful in my opinion with lovely eyes, flawless skin, hyperkissable lips, perfect teeth.

Her agency pix give a good idea of how she actually looks. She has a nice sexy curvy body too with lovely rear end, nicely shaped enhanced boobs, great legs, natural all over tan.

She is possibly not quite as slim as some of the agency pix would suggest, but this did not bother me. A girl with a very pretty face and sexy curvy body is right up my street!

She felt, smelt and tasted great. Website states her height at 5ft 2in. She actually seemed a little taller than this, though perhaps I am shrinking with age!

Personality-wise she is warm, friendly, chatty and fun with nice sense of humour, great attitude.

Very much wanted me to enjoy myself to the full, which I did.

### The Story:

I resumed punting a month or so ago following COVID-induced break. After a couple of slight misfires with Eastern European girls had knocked my confidence a bit, decided to try Vivienne. Main reasons were that she looked incredibly hot in her agency pix, and past reviews seemed to indicate she could be well up for a vigorous and passionate "seeing to". As it happens, going to see her was an excellent decision on my part.

She is the first escort I have booked through Max's Angels. Seemed very straightforward - rang up a day in advance to book an afternoon slot, confirmed the next morning and was texted her address.

Access to her flat was straightforward. I was slightly worried she might not look as good as her pix, but when she opened her door, I realised my fears were unfounded - she looked sensational. In fact for a few minutes I was in such a daze from the sight of her lovely face that I didn't fully take in

exactly what she was wearing, but I think it was a figure-hugging black dress. After sorting out paperwork and a quick trip to the bathroom to freshen up, I returned to find she had taken this off and was standing near the bed almost naked except for a few scraps of sexy red lingerie. We started kissing and fondling, and soon enough were both naked on the bed with her stroking my rapidly hardening cock while I kissed her breasts all over. I then started working her clit and moist vulva with my tongue and lips, with Vivienne giving me some nice encouragement with little moans and whimpers until she indicated that she'd like me to start fucking her, which after donning condom I did with great pleasure, first in mish, then spoons, cowgirl and finally vigorously in doggy until I had a very satisfying orgasm and came "in the bag". Vivienne gave me great vocal encouragement throughout and, as I withdrew my condom-encased organ from her pussy, exclaimed in admiration at the volume of cum I'd ejaculated. I was actually quite impressed myself, though I had been saving up for quite a few days!

We had a nice cuddle and chat about our lives and times for a while, then I indicated I'd like a little more action and she said she'd love to be kissed all over her body. This I started with great pleasure but soon I had a nice firm erection again and so some more vigorous doggie-style fucking was in order. I nearly, but could not quite come again (I am "getting on" a bit and coming twice in an hour is getting quite rare for me, though next time I see Vivienne, I think I will be able to, she is so hot!).

Time was up, so I had a quick shower, got dressed, told Vivienne about my plans to see her again (which I will) and left with a big smile on my face. This encounter has restored my confidence and faith in the merits of punting a lot and well, made my whole week. Thank you Vivienne, gorgeous girl, and Max's Angels for the straightforward and efficient arranging.
