### The Premises:

The usual place with free parking behind.

### The Lady:

Very petite at no more than 5 feet, slim pert boobs, definitely her advertised age or very close to it.

### The Story:

Had to wait a couple of mins for Roxy to finish off with another client but I did arrive early so not unexpected.

Maid ushered me into the room and seconds later Roxy opened the door in a very sexy red dress and black stilettos, immediately making me realise how old I am. The days when I could even dream of 'meeting' Roxy in any other environment other than one like this are long gone.

She's very sweet and very sexy with it. After some kissing I disrobed completely and Roxy removed her dress. We very quickly then moved to the bed when I was asked if I wanted her panties off.

Erm, yes please!

No words were required for her to then take my cock and commence with OWO, which was not deep but had quite a suction to it. I had intended to get into position for some 69 but after some more head I was asked if I was ready, and I obviously was, so on went the wrap and Roxy jumped on board. Wow what a site I had of her, she is very delicate and the action was deffo more gfe than pornstar but I found it very a very sexy experience and to my surprise after not long at all I could not contain myself, blowing my load into her sweet pussy from underneath.

I then tried to engage her in conversation, with a reasonable amount of success. Her English is not brilliant but she has an understanding of it. Before too long I was definitely ready for round two (like the good old days) but knew there wasn't going to be time so we just 'stayed close' with a bit more petting until my time expired.

I would certainly recommend. Her closest comparison would be with Jules and she's definitely not as jaded as her and much more enthusiastic.

See you soon Roxy xx
