### The Premises:

Lulu has a nice place in the middle of Bayswater, not far from station. It's small inside, but cosy and with good facilities

### The Lady:

I've seen her before a few times now, from this agency and others. She hasn't changed a bit in the years she's been at this in London. Still has the lovely long hair, always nicely groomed and smelling lovely. Big natural boobs, a slim figure. Her English is pretty good now too, much better than it was three or more years ago. She's actually 25 years old now. You can expect exactly what you see on the website and more.

### The Story:

Lulu actually recognised me, which was nice, considering she must have seen many more clients since the last time I saw her! She was wearing a nice matching strappy black bra and panties, with her massive tits pushed right up and held in place. They moved when she walked in her heels. She had on some makeup that looked lovely, and big glossy lips.

After a shower we wasted no time. She removed her lipstick and went to town with some lovely kissing. I always loved kissing Lulu, but what I liked most of all was her OWO. I remembered it to be wonderful last time, and I didn't think it could get any better, but it has. She offers one of the best blow jobs in London, without a doubt! Nice and wet, nice and deep, and very enthusiastic. I would have popped right here, but I needed to at least have a little sex.

She went on top first, with a lovely handful of tits in my face. Her ass is perfect size too to grab hold of in this position. Then we did some screwing in missionary with some more heavy kissing before I decided to climb off and jerk off over her beautiful face whilst she had her mouth open to take all of my cum.

What an experience! A nice (non professional) massage afterwards and a little chatting before I left.
