### The Premises:

Haven't visited this venue before but found it easy to find, a little difficult to park (the public car park right outside was full) but manage to find a spot on the high street. Actual place itself is very smart, clean and a nice size room at the very top.

### The Lady:

Stunning, stunning, stunning....you get the idea! Very very good body with the cutest bum on the planet. Nice size boobs with a couple of humdinger nipples! Very pretty and an absolutely fantastic personality, bubbly, chatty & a generally lovely lovely lady.

### The Story:

Not having punted for many months & struggled a little to find the right lady to visit, age wise & reviews. When I did eventually opt for Eden it meant it had become a very special occasion, after roughly 11 months wait. The pressure was on & I felt the event could make or break whether I continue with the 'hobby'. I needn't have worried. Eden arrived in the room bang on time & what a sight for sore eyes (as described above - top draw!). Lovely kisser which got the juices running & soldier standing to attention within seconds. Not one to go into detail as I'll keep the events as happy memories, but she's absolutely outstanding at everything she does. She sent tingles through me & even made me shake with the mounting excitement - some feat! She really knows how to flick switches & push buttons. For me though, it's not all just down to the sex itself - her chattiness, laughing and pure fun personality is the icing on a very very beautifully shaped cake.

I had a feeling of de ja vue afterwards, and suspect I'd seen her before, a number of years ago, under her previous guise of Isabel(as per a previous report of mine)? I may be wrong, but if it wasn't her, then Poland is a hot bed of stunningly gorgeous ladies!

All in all, just a fantastic time & I already know when I'll be going back for more..
