The Premises:

The most popular location. Could do with major refurb, it's the one that's located near the shopping centre. I see a lot of people saying refurb but I don't think they listen. The shower room looks like something you'd see in a prison :/ the rooms are nice and tidy though.

The Lady:

Honestly, if her photos were not blurred I reckon she'd be booked left, right and centre. She is very attractive, funny and just everything you'd want in a girl. She is quite tall but she puts you to ease immediately, give off good energy and she will reciprocate. Very big and soft boobs, nice big ass and to top it off a beautiful face!

The Story:

I was a bit nervous at first as this is my first encounter with Chanel. I went from nervous to excited immediately, it's always hard when seeing someone with blurred profiles but at least we get a sneak peek compared to them seeing a stranger each time. She went for a nice kiss with her kissable lips, I could just get off to that to be honest it was that good. It's not mentioned on her profile so I assume it is down to her discretion, I know I wouldn't like someone with bad breath or teeth to kiss me lol. She then went on her knees next to the mirror so I could enjoy the show from a different angle but it was so good I had my eyes closed most of the time. After that it was more bj on the bed and it felt like the best thing ever! I then asked if she wanted to be eaten out to which she responded ecstatically and my goodness it was tasty. She loves this part so if you're not good at it, get better because her response was clear as day that she was loving it. Finally condom on and missionary all the way, it was the perfect gfe. I then unloaded in her mouth and she seemed to really like it.

All in all a wonderful experience 10/10 in my books and look forward to seeing her again. She is most certainly an asset annabellas cannot let go of because truth be told I don't get to have such a great experience with their other girls. Chanel really went above and beyond. Treat her well and she will return the favour.

Can't wait to see her again :)
