The Premises:

A modern flat about a 2 minute walk North of Baker Street tube station. It had shower facilities inside. Before the session started she provided some hand sanitizer.

The Lady:

A dainty Chinese girl as profiled. She greeted me wearing a Chinese schoolgirl uniform. It was a very pleasant surprise because I hadn't requested it.

The Story:

I enjoyed my session very much. The main feature was an excellent massage with oil while I laid on her bed. She clearly has had some training and it was very relaxing. The turnover moment came and I was surprised to see her totally naked. She is slim with lovely D cup natural breasts and large areolas. She gave me covered oral and it was very enjoyable. We ended the session with sex in doggy position. This required a change of condom. I was so close to coming from the oral and I didn't last long.
