The Premises:

A well established parlour hidden away down a short driveway. Lots of on street parking close by

The Lady:

Not really much like her photos. Slim but tired (trying to find a nice way to describe!) Not bad looking

The Story:

Truly terrible experience. Jade entered the room in a black outfit and was straight on the to extras conversation. As I said no then the conversation ended. Massage with no oil/talc, no kissing, not in the basic anyway and moved herself out of the way when I tried to touch her. Some ok OWO followed the me on top. She made some appreciative noises, the tried to swap positions but so turned off at this point. Hand job to finish which was ok. Claims she has been working for a while but reluctant to say where. Sadly just in for a quick buck, please save your money for someone better
