The Premises:

Location was great, parking outside with easy access. Very clean room.

The Lady:

Chanel was unbelievable, I was nervous as usual when I see an escort but Chanel was amazing, great smile with an amazing personality, she made me feel comfortable within a minute of her entering the room. She looked better than her pictures, she has amazing boobs a lovely looking face and a great body, that's if you don't like a girl to be as flat as an ironing board, she's a credit to this agency, If every escort was like her nobody would ever be nervous about seeing escorts. She's welcoming, loves her job and loves to fuck.

The Story:

I rang the door, one of the other girls opened it and greeted me with a big smile and asked if I'd mind waiting in the bathroom, me personally I thought this was quite funny as I knew it was because another man was about to come in and they don't like guys passing by each other which really, I'd prefer to be in the bathroom than pass another man in the hallway, but she opened up the door after 30secs and explained, it was fine, she led me to the bedroom and said Chanel will be with you in a minute. I sat down on the sofa in the room and 1min later Chanel walked in with a lovely outfit on. She walked in so welcoming, made a joke that I didn't want any lipstick which she didn't have on, she complemented me a couple of times with good conversation and said I want to show you my tits (they are banging) big soft and that got me going, she stroked my dick from a standing position and started to kiss me. She asked to take her heels off, once she did she dropped about 5ft haha, anyone who thinks she's tall she's not she's bang on 5'6 I reckon. She kneeled down in front of me and sucked my dick so good, I'm so impatient I wanted to eat her, so I asked and she loved that I wanted to, she laid on the bed and I began licking her clit for a while and she looked like she really liked it, it tasted great, then I was more impatient and just wanted to fuck her, she knew that and said shall I get a condom, I agreed, I explained to her if I started to cum I was going to stop, and start again when ready. I fucked her missionary for a while and started throbbing, so we went into doggy, she's got a lovely arse and after a bit started throbbing again, so i said about her going on top, she gladly accepted, she was soo good she let me touch where I wanted and knew exactly what I wanted and when, I was intending to cum in missionary as I love seeing the whole

package when I cum but I just said to her I'm going to cum here so I went on a bit of a mad one got it throbbing again and cum when she was on top, I couldn't wait, she cleaned me up nicely with again great conversation and said I'm welcome to come again, boom boom!! And I left. Chanel is by far the best escort I've ever been with and will definitely be returning to her and this agency, the lady on the phone from the agency was nice too. All in all I'm super happy with my experience and as I said before if all escorts was like Chanel everyone would do it. Even though I want to explore other escorts I just keep thinking I'd find it hard to top that so I'll definitely be coming back soon. Thank you.
