The Premises:

Well established parlour on an industrial estate. Lots of parking close by, clean, tidy and welcoming. Well appointed rooms with shower and fresh towels

The Lady:

Amazing body, probably the best boobs in the business. Eastern European real girl next door, but an incredible body. I guess late 30s/early 40s is probably about right

The Story:

Angelica came in the room and gave me a kiss n the cheek then went to get me a drink. I grabbed a shower then she stripped off her lovely underwear and offered a massage so I jumped on the bed and experienced her gentle touch and teasing with some body to body in there too. Turned over to give her lovey boobs some attention and she sucked my nipples. Sadly no kissing despite advertising a GFE but great oral followed and then a finger up my arse which was a strange experience (not sure). I went down on her (no fingers allowed) but made her come. On with the rubber and body is she tight. She decided doggy style was easier but my strong thrusting was too much so finished with mish. A great time, her English isn't the best so not much chatting but would definitely return for more
