### The Premises:

Upstairs flat near Victoria station. The room by the door, not the one down the stairs.

### The Lady:

Average height, pretty brunette with nice body and cracking big tits. Looked great in an emerald green lingerie set.

### The Story:

As usual with my previous HOD visits I showed up to the location a few minutes early and went to hang around in front of the cafe round the corner to steal their wifi.

When the time came I went upstairs and was greeted at the door by Morgan, who was a vision in a green bra, panties and suspenders set. She was very bubbly and friendly, which was good because I'm always a little nervous before these things. She put me right at ease.

Morgan got me a glass of water and then gave me a big hug and started to make out with me. After a moment she began undressing me and play with my cock shortly enough I was naked. I got her bra off then she moved me on to the bed for some OWO (she asked my preference) which was nice and soft, with the right pressure when it needed it.

Decided I wanted to 69 so she shifted up into position and I licked her delicious pussy for a few minutes. Time came when I couldn't hold off fucking her anymore so she slid off her underwear, put the mac on and hopped on top. Those tits right in my face were a sight to behold.

She rode me for a while, alternating between squatting and kneeling, until I asked if I could fuck those beautiful tits of hers. She agreed and laid down on the bed, applied some lotion to my cock and away I went. It felt amazing, and looking down to see those boobs wrapped around me as I thrust away was perfection. I couldn't hold it forever and came between them.

Still had a few minutes left after cleanup so we had a cuddle and a chat about reality TV and game shows.

Morgan is an absolutely lovely girl who is gorgeous to boot. I usually only see a provider once but I'd consider going back if she's available next time I'm in town, just to have those luscious tits wrapped around my dick again!
