The Premises:

Small tidy flat a short walk from either Salford Central or Manchester Victoria. Rihanna told me she would be there for a few more weeks before heading down South (no pun intended). I had showered a little earlier so didn't check out the bathroom.

The Lady:

A/W shows her face in the profile pics but otherwise doesn't give much detail – no height, age or dress size. She's tiny though: definitely under 5 ft, probably early 40s and a small dress size, perhaps an 8? Big hooters - no doubt enhanced - with a very slight droop which gives them a more natural appearance whilst still looking good. Clean tasting, trimmed and tight down below. Rihanna has a very large, very dark dragon tattoo on her back, which I had clocked from her A/W private gallery. No question that I saw the girl in the pictures, although they were a little flattering IMHO. In particular, her eyes look a lot brighter and wider in the photos. Rihanna opened the door in a leopard print dressing gown and slippers – not the sex kitten I was hoping for – but quickly took the dressing gown off to reveal a black body stocking which was more to my liking.

The Story:

Straight in to DFK which carried on as she was undressing me. She was soon giving me OWO and then Rihanna sat on the edge of the bed so I could return the favour whilst I knelt on the carpet. No problem with a finger inside and she got very wet in the process. I joined her on the bed for a prolonged 69 and then the party hat was applied for her to mount me. Plenty more DFK during this and also after we changed to mish. She really got into the sex – almost certainly an act but good for the ego nonetheless – and I finished in the bag after we switched to doggy. It was a warm day, I had been going at it as hard as I could, and she gave as good as she got, so we were both sweating by the end. "You very fit man" she said. I was totally knackered by this point and could only manage a grunt of acknowledgement. She didn't rush to get me out but I had a train to catch, so I had to crack on. I had been there just over 30 minutes.

I have had a couple of excellent punts lately and this was more or less equal to those. Rihanna is not FAF like the other two, but was tidy enough and knew which buttons to push so that I left feeling elated. Definitely on the return visit list.
